Thiensville, Wisconsin

Attention: Mr. J. T. Collins

Gentlemen:

Thank you for your letter dated April 20, 1949, with reference to the "hamfest" which will be held in Milwaukee, Wisconsin, on May 28, 1949.

We want to thank you for your invitation to participate in the meeting itself but find that we will be unable to do so in any manner whatsoever. While we are unable to attend and are not able to send along anything in the way of a donation for prizes we feel certain that the affair will be a huge success.

A survey has been completed by the Association of Electronic Parts and Equipment Manufacturers and we have enclosed a copy of their report for your information. As we are members of this association, we are more or less bound by its findings and for this reason, we are unable to furnish any of our products for use as prizes.

We believe you will be able to fully understand our position in this matter and we want you to know that our every wish is for the success of this "hamfest" as well as for the future success of your organization.

Incidentally, the boys in our organization who are active "hams" either have previous engagements for May 28 or have already made reservations to attend your forthcoming get together. As a result the four tickets originally forwarded with your letter are being returned.

Very truly yours,

J. H. Morin
